Largest Fig Orchard In World To Be Set Out Near Houston

HOUSTON, Texas, July 25.—The largest fig orchestra in the world will be located within thirty five miles of Houston when plans of the Texas Orchards Company of Houston are carried out. The company plans to set out 6,000 acres of fig trees beginning this fall on the old Turnbow ranch in Galveston county.

When the land is all planted the tract will be divided into five and ten acre plots and sold, according to Edwin O. Glenn, president of the company. Glenn also said that a fig preserving and canning factory would be built.

Some 1,500,000 fig cuttings were set out on the Turnbow ranch last year. About 750,000 young trees from this setting will be ready for transplanting this year, it is believed. The 750,000 trees will set out 4,687 acres. Glenn estimated. The trees will be set 15½ feet apart each way, or 100 trees to an acre.

FIVE ARRESTED AFTER FIRE IN JUAREZ TUESDAY

Chief of Police J. A. Thompson states that he is continuing the investigation in regard to the fire, said to have been of incendiary origin, in "Juarez" early Tuesday morning. He is not satisfied with the disclosures that have already been made and will continue the probe until parties who may have been guilty of arson are turned over to the state for prosecution.

Policeman Kennedy, Tuesday made five arrests in the case. He went at the matter in a persistent and well planned way, making the arrests one at a time. Of these, two were women and three were men.

They were charged with being drunk disturbing the peace and fighting, Chief Thompson states. Two of the men and the women have been released on $200 bonds each, instead of a much less sum because of the serious nature of the case.

The third man, Carl Stone, has been turned over to the state for investigation into arson charges. The charge has assumed a very serious nature since the fire resulted in the accidentally fatal shooting of an esteemed wife of a Mexia merchant, Mrs. E. Eberstein, who was shot by her husband when the latter attempted to fire an alarm. It is understood that he has been carried to Goresbeck and lodged in jail pending further developments.

Strike Starts In Hoboken And Then Spreads

NEW YORK, July 25.—With eight ships of as many lines tied up by a longshoremens strike that spread from Hoboken to Manhattan piers Tuesday, officials of the marine transport workers union threatened to have all New York harbor shipping helpless before nightfall.

The union is affiliated with the I. W. W. Ten thousand circulars printed in several languages, have been scattered along the waterfronts urging all longshoremen to join in the demand for increased pay.

The walk out did not have the sanction of the Longshoreman's Association, but I. W. W. leaders declared they would push it to every port of the United States to enforce their demands.

The strike started in Hoboken and spread rapidly on the Jersey shore and today the strike instigators were concentrating on the New York side of the harbor.

Street meetings were scheduled with speakers firing the men to action in several languages.

All save two local unions were striking in Hoboken and it was declared at the marine union headquarters that those men would quit work today. Nine hundred workers not affiliated with the I. W. W. were on strike in Hoboken. Approximately 1,500 men are there.

Demands of $1 per hour straight time, time and a half for over time, double rates for meal hours and $.25 per hour for handling fish and wet hides, were among the items listed in the circulars distributed among the workers in New York in an attempt to urge them to tie up all shipping until the demands are met.

Some of the strikers left work while preparing a ship schedule to sail and while another vessel of the same line was steaming into port. White collared office help was ordered out to the arduous toil and the ships jazz band played while the office men went to work with a will. The longshoremen thought it was as good entertainment as a vaudeville show and remained to see the fun.

The office force also docked a boat in record time and the longshoremen admitted that they did it without a hitch.

CALM ACTION DEMANDED

Admiral Sigsbee's death recalls his terse message to Washington after the sinking of the Maine: "Suspend judgment," he wired!

It would be a great thing for us if we would "suspend judgment" more often than we do. We might not reach so many rash conclusions. We might not in the heat of passion speak harshly of our brother man or unbecomingly to little children. We might not glibly talk about our neighbors or tongue lash the absent ones to their bark. Wholesale slander of some good woman's fair name or defamation of spotless character would be an unusual event in a community's conversation.

Second thought, calm decisions and self control are recommended as virtues pre-eminent. Then action is sure to be constructive and profitable in most cases as it is according to well thought out scheme or plan.

We are about to do things in this government on the spur of the moment. We hear about what the radicals are going to do when they reach the halls of national legislation. Al Smith would blot out the Eighteenth amendment as the first act in returning to the intolerable conditions of pre-war times. Others would make the Supreme Court no more powerful than a county court.

Those who think that this country is such a bad one without booze should go to other nations where they have their "morning after the night before," compare conditions and then if they are so base and so dense as to fail to comprehend the more far reaching and better influences at home, they should be invited to remain on foreign soil or on the high seas like the man without a country.

They are incapable of appreciation, ingrates impure and simple.

If they have any spirit of truth in them, they will realize that this is a mighty good government, although it might be improved under Democratic control. They will realize that under the Constitution, as it is written, we have become the most bles't nation under the sun.

Farm Labor Bank For Dallas Is Now in Prospect

DALLAS, Texas, July 25.—Presidents of local labor organizations and executives of the Texas division of the Farm Labor Union of America will meet here August 9 to discuss the establishment of a Farm Labor bank in Dallas.

Sentiment in Texas among labor and members of the Farm Labor Union favors founding of such a bank operated by labor and farmers along the line of the Brotherhood of Locomotive Engineers' institution at Cleveland.

To Use Huge Caves To Divert Waters

San Antonio, Texas, July 25.—Discovery of four huge underground caves in a cement quarry here may lead to a solution of the flood prevention plan that will save the city millions of dollars, it is believed.

The caves which are five miles north of the city are near Olmos Creek. Instead of damming the creek, the water can be diverted into the caves for use by the cement company, it is pointed out.

THIS TELLS HOW TO BUILD HOME

The average man believes that he ought to save, but few believe it strong enough to get down to business and do it systematically. Here is a story told of a young man who systematically saved with his local building and loan association and what he accomplished:

"This young man, like many men of today, had to work; he had on one to look to for help; so after securing a position as grocery clerk in a very small grocery store, not more than 15 squares from the center of his home town, things began to happen. This young man decided, if he ever expected to be worth anything, he must begin to save. He figured he could put away $1.50 a week, so he started an account in the building and loan association. Each week he appeared with his $1.50, and at the end of six years he withdrew $680.00, with which he purchased the grocery stock. This did not satisfy the young man, however, he decided to do bigger things, and he began to visit the company each week with a deposit of $7.50, so that in time he might be able to buy the building. In another six years he accumulated $3,000.00 and the building was purchased in which he started. Still he was not satisfied and he began to set aside $12.50 per week of his income and at his death several years ago the secretary of the building and loan association notified his family that the father had accumulated $15,315.92 in the association of which the family had no knowledge."

Why did this young man become independent? Because he had a system. The above story shows what systematic and regular saving can accomplish. For at least 10 years it was said this young man appeared in the building and loan office so regular on Friday at 3 o'clock p. m. that it became a custom of the office force to look at the clock when he stepped into the office.

Saving like this gets a man somewhere. It does not make him penurious; on the contrary it makes a man out of him. The man who saves his money soon owns his home— he is the man that the building and loan association is glad to loan money to for they know that as he has saved money in the past to get his first payment so he will keep up his monthly payments.

NEITHER KISS NOR WEDDING AT END OF NEW FILM

A happy motion picture story ending that doesn't include a marriage or an embrace!

That is one of the unique distinctions claimed for "The Rustle of Silk," Herbert Brenon's Paramount picture featuring Betty Compson and Conway Tearle, which will be the feature of the bill at the National theatre today.

The story, adapted from Cosmo Hamilton's novel by Soda Cowan and Ouida Bergere, centers about a humble English girl who falls in love with a great British statesman who is already married. The girl, serving the statesman's wife, adores the husband from afar.

By accident the man learns of the girl's love. Unhappy with his wife and disheartened by the course of political events, he offers to get a divorce and marry the girl.

But a crisis in the affairs of state requires all of his attention. If he resigns, chaos threatens to engulf the government. The girl, because she loves him, sacrifices her love and sends him back, to fight his cause against overwhelming odds. Her compensation is found in the fact that the man who loves her faces his duty because he loved her. He wins his fight, but for the time being, at least, he fails to win the girl who spurred him on to victory.

Unlike so many screen plays of the day, "The Rustle of Silk" does not introduce an episode five or ten years later showing the principals happily married. It ends as real life stories so often end—in happiness achieved through sacrifice, but with promise of happiness to both in the future.

SHILOH COMMUNITY SOCIAL

On Thursday, July 19, the good people of Shiloh community met at their newly built teacherage for a "get-together social," Rev. Jones and wife were the host and hostess. They were charmingly assisted by their mother and sisters of Temple, Texas.

The teacherage is the most up-to-date in the county. It has seven rooms electric lights, running water and is beautifully finished. The teachers, trustees, and patrons are justly proud of their teachers home.

After the guests, who numbered about two hundred, were shown through the house they were intertained by the following interesting speakers: Rev. Jones, who will be principal of the Shiloh school next term, Mr. and Mrs. Kay, former teachers, Miss Ellie Hughes, who will teach again this year, Mr. Roy Stokes trustee, Mr. Cook, pioneer citizen of the community, Judge Kimbell of Groesbeck, Mrs. Jones and Mrs. Cora Ferguson, Co-Supt. Games and music were enjoyed by the younger people until a late hour.

Shiloh deserves credit for its progressive spirit and this spirit will no doubt be expressed further in improvements. And with such co-operation and such progressive teachers a wonderful year is assured Shiloh School.

SAILOR WHO HAS SEEN THE WORLD

West News

Bert Berthelson, a young man, recently of the U. S. Navy, on his way to Kansas City, riding a motorcycle, fell from the wheel in West Tuesday and sustained a fractured shoulder. He was given medical attention and his trip delayed several days.

Mr. Berthelson's parents were owners of the famous Berthelson lease in the Mexia field on which the Humphreys Oil company have forty eight wells. Col. Humphreys recently purchased this property in fee and has improved the old homestead and proposes to continue the improvements. It is on the Berthelson that the Humphreys deep test well was made.

The parents of the young sailor are now located at Palacious. The sailor boy, while the parents were drawing big oil royalties was traveling all over the world in the service of his country. He has been to almost every country on the globe and said this week in talking of life in the old world that he would choose Turkey for a place of residence next to the United States.

My Perennial Beauty

And My Debt to France

By Edna Wallace Hopper

All who see me on the stage and elsewhere know that I look 19. My youthful bloom is the envy of countless debutantes. Yet for 30 years, I have been a musical comedy star, and am now of a grandmother's age.

I owe this to France. Her experts perfected the beauty helps I use. And I served with France during all the great war to help repay the debt.

Now I go further. I am offering these formulas to all mankind. I am sharing with all the helps I found, and what they brought to me.

White Super-Clay

My chief help is a facial clay. Not the crude and muddy clays so many use today, but a white refined clay, clean and dainty, wondrously effective. It is the final results of 20 years of scientific study.

French beauty experts, many years ago, taught me what clays can do. Then few women used them, and those women became the marvels of ... beautiful complexions. ... has gone far since then. ... rare clay, mineral ... maximum results. ... how to refine it—to ... ed. It has added ... give to clay a multi-

... clay gives one any ... of what this new type ... having this super-clay ... able experts, so all who ... get it anywhere. And I ... call it my White Youth Clay.

Clay is essential to beauty at its best. Also to continued youth. Even women who use crude, clays stand out in any crowd. No girl or woman in these days can afford to omit clay.

Clay draws out what clogs the skin—the causes of sallowness, black heads and blemishes. It brings the blood to the skin to nourish and renew it. The result is a rosy complexion. It firms the skin, and combats the cause of wrinkles.

Not all these results come at once, but most of them are prompt. Many women, in 30 minutes, seem to drop ten years. And my own smooth, soft, rosy skin shows what constant use will do.

If you have used other clays, my White Youth Clay will be a revelation. The new freshness it brings will amaze you. Its daintiness will delight you. You will see why its use has kept me ever beautiful and young.

Edna Wallace Hopper's White Youth Clay is now supplied by all druggists, all toilet counters. Price, 50c and $1 per tube. Also my Youth Cream, which should follow the clay. Also my Facial Youth—my liquid cleanser. Also my Hair Youth, which brought my luxuriant hair. My Beauty Book comes with each.

I urge every girl and woman to try this Youth Clay in justice to herself.

Betty Compson in the Paramount Picture "The Rustle of Silk"

BUSINESS MEN SEE BETTY COMPSON AT WORK

Bettry Compson, popular Paramount star, recently had the unique experience of playing for both an audience and the camera at one and the same time.

In the filming of "The Rustle of Silk," in which Miss Compson and Conway Tearle are featured, and which will be the feature at the National theatre today, there was an important sequence of scenes which it was necessary to photograph at night.

Just about the time Director Herbert Brenon reached this point in the story the Associated General Contractors of America met in convention in Los Angeles. Through the efforts of the architects of the city arrangements were made for all of the delegates and their families to go through Paramount's West Coast studio.

But this party numbered nearly five hundred, and they could only be taken through the huge plant after working hours. However, in order that they might get a comprehensive view of how pictures are made, Betty Compson and Director Brenon volunteered to work on the evening of their visit.

Consequently the star spent an entire evening acting before an audience which would have filled a small theatre, while the cameras recorded her work for a much larger audience. And at the end of each "act" or scene the audience on the set acted just as an enthusiastic crowd of theatre-goers are—they applauded vigorously.

And between scenes the star and director were photographed with J. W. Conner, the new president of the organization; Edward J. Harding, membership manager; Arthur S. Bent, the retiring president, and General R. C. Marshall, general manager.

Ludwig Twirls Good Game For Local Lads

The weather remained the same by a big majority at Noylin park yesterday, but not so with the hitting of Long Tom Pyle, Sherman outfielder, who has been smacking the horsehide for at least two bingles every game for the last nine games. Nig Ludwig stopped him and he stopped so quick that he did a few stunts while trying to get an even break.

The work for Ludwig, both players and fans, with all the vim that they had was rewarded by the win. By virture of the win three clubs are placed in a tie for the second position, Marlin, Sherman and Mexia.

The veteran umpire, Jack O'Hearne and his gum, was officiating in this circuit for the first time this year and he out before the fans one of the best umpired games ever seen in the local lot this season. O'Hearne was greeted with much applause by the members of the Mexia bench and the fans as well.

When he walked out on the diamond his first words were "Hello Hub." His work behind the plate was up to the minute and the fans were easily satisfied with the result of each decision by his loud stentorian voice as it rang forth with the verdict that flashed from the vets mind.

The Sox line-up was changed somewhat with the leading pitcher, Muns, playing the initial bag in lieu of McKay, who is out with an injured ankle. Swede Lind was the Sox twirler for the day with Erwin on the receiving end. Lind was not right and the locals scored one in the first on Clopps triple. Erwin was not catching to suit him, I guess, so McIver sent Schieffer in to get the under hand artist to working right. Schieffer never did get him to going right but he had things to [illegible] a bit. Lind allowed the [illegible] of hits on hits which [illegible] Pyle.

[illegible] for Hub [illegible] won himself a ball g[illegible] the aid of his teammates [illegible] in for good measure. [illegible] his way practically [illegible] through although at [illegible] seemed at the danger [illegible] the boys came out with [illegible] Ludwig fanned [illegible] and allowed only eight hits [illegible] scattering.

Connell, the [illegible] short stop of the Gushers and, the best in the loop [illegible] to believe me, was working around the sack yesterday [illegible] he nabbed two or three that were impossible for anyone else to touch and incidentally he collected his error on a hard hit ball which he nabbed away out in left field and then threw wild to first. But Gep can sure grab that agate wherever it comes and can throw with accuracy to the initial bag from almost any position that he catches the ball in. He has an iron arm and throws the ball true, hardly without fault.

Tied For Second Place

Lewis led off by grounding out Geppert to Northetn. Meanor went out by the same route. McIver looked three of Luds fast one over.

Clopp started the Gushers going when he slapped one to center field and it bounced over Craig and he pulled up at third base. Leedy popped to Flagg. Hub sacrificed Lind to Muns, Clopp scoring. Butler boat out a bunt down first base line. Bechtol fanned.

In the second Tom Pyle fanned. Flagg went out Northen to Ludwig who covered first. Preacher Muns fanned.

Untz started the second off by singling to left. Geppert went out Lind to Meanor who covered first. Whitney lined to Flagg who doubled Untz at second.

Craig fanned to begin with. Erwin doubled to right. Lind out Ludwig to Northen. Lewis out Untz to Northen.

Ludwig singled to center to show 'em how to do it. Clopp sacrificed Lind to Muns. Leedy beat a hit down first base line. Ludwig to third. Northen hit into a double play, Meanor to Flagg to Muns.

The Sox kinda got to life for a while in the fourth. Meanor out Geppert to Northen. McIver safe and went to second on Geppert's wild throw to Northen. Geppert made a wonderful stop of his hit. Pyle walked. Flagg popped to Leedy. Muns flew out to Bechtol.

The Gushers scored one more in their half of the fourth. Butler walked, and stole second. Bechtol went out Flagg to Muns. Butler to third. Untz got hit. Butler scored after he got in chase and Untz was caught off second. Meanor to Erwin. Geppert beat out a hit to Meanor and went to second on a wild throw. Whitney out Meanor to Muns.

They threatened again in the fifth after Craig had popped to Untz, Erwin singled to left. Lind out to Bechtol. Lewis singled to left, Meanor walked filling the bases, but McIver flew out to Bechtol.

Three runs were scored in the Gusher half of the fifth. Ludwig fouled to Erwin. Clopp singled to center. Leedy walked, Clopp stole third. Northen singled to center. Clopp scoring. Butler beat out a bunt to Muns, Clopp scoring and Northen scored on Muns error. Butler to second. Bechtol got hit. Untz singled to left and Butler was thrown out at the plate by Pyle. Untz went to second and Bechtol to third. Geppert flew out to Flagg.

In the sixth Pyle went out Leedy to Northen. Flagg got an infield hit to Untz. Muns out Leedy to Northen. Craig flew out to Leedy.

Schieffer started the mishmash work for Sherman. Whitney flew out to Craig. Ludwig out Meanor to Muns. Clopp out Meanor to Muns.

Schieffer started off with a single in the seventh and Lind followed with an infield hit to Untz. Lewis out Geppert to Northen. Meanor flew out to Butler who doubled Lind at second to Geppert.

Leedy started off with a single to left, and went to second on Muns error. Northen singled to center Leedy scoring. Hub to second on throwing. Butler tripled to right Northen scoring. Bechtol flew out to Pyle who threw Butler out at the plate. Untz out Lewis to Muns.

Crow started playing first base for Mexia. McIver was safe on Crow's error. Pyle forced McIver, Geppert to Leedy. Flagg singled to right. Muns fanned. Craig doubled to left. Pyle and Flagg scoring. Schieffer fanned.

In the Gusher half Geppert fanned. Whitney got an infield hit to Flagg. Ludwig flew out to McIver who made a good catch. Whitney went to second on Linds balk. Clopp flew out to Muns.

The Sox went out in order in the ninth and a ball game was won. Lind out Geppert to Crow. Lewis out Untz to Crow. Meanor out Leedy to Crow.

The same teams play again today and tomorrow. Then the Gushers leave for a few days road trip.

Mexia Dry Goods Stock Bought By Star Store Owner And Now Is Being Transferred There

The Mexia Dry Goods Company has been purchased by J. Lipstate, a well known dry goods man of East Texas, who makes his home in Tyler, where he has a large mercantile establishment. Mr. Lipstate also owns the Star Store in Mexia and the stock of the Mexia Dry Goods Company is being moved to the Star Store stand and combined with the stock which the latter business institution already has. This deal gives the Star Store a line of goods that gives it a strong position is the mercantile life of this section of the state. S. T. Davenport is manager of the Star Store and will continue his relations, it is learned, He is much gratified following the transaction which was recently consumated with John Hassen, proprietor of the Mexia Dry Goods Company. The work of stock removal is already under way and Mr. Davenport will endeavor to keep the goods moving to the people for whom they were originally bought, thus assuring fresh lines of all material handled at all seasons of the year.

Mr. Hassen also has a business in Ranger. He speaks of his Mexia experience with much gratification as the two years here have been a very pronounced success. Since he also conducted a similar business where he maintained his home, he felt it wise to dispose of his Mexia interests in order to devote more time at home. He has made many friends here. His firm, too, has been popular, handling great stocks of merchandise and winning friends constantly.

Mr. Lipstate's faith in Mexia is shown by the deal made and efforts will constantly be made to expand and grow with Mexia through the Star Store.

UNIVERSITY LAW STUDENT HERE FOR SUMMER WORK

Ben R. Howell, a Junior Law in the University of Texas, has established headquarters here for the summer for "Wear Ever Aluminum." He will cover this territory and adjacent communities out of Mexia.

John A. Lomax, Secretary of the Ex-Students Association of the University of Texas, writes to local friends that Mr. Howell "is a high ranking student in the Junior Law department of the university. He is endeavoring to pay his way through the university by doing work in the summer." He states that he regards him as a very exceptional young man.

It's a Nice Idea but —

ALL men aren't equal and neither are all valve cups. Far from it.

Two of either may look alike at the start. It's only after they've been going awhile that the difference hits you between the eyes.

You see then that genuine Darcova Valve Cups are putting oil in the pipe line after the other cups have worn out. While you are pulling out and recupping the other valves at a big expense of time, labor and lost oil, the Darcova Cups are working along as well as ever and earning good money for you.

You want trustworthy men and those trustworthy Darcova Valve Cups. It pays to be particular.

Look for the label, and insist on getting genuine Darcova from your dealer.

Largest Fig Orchard In World To Be Set Out Near Houston

HOUSTON, Texas, July 25.—The largest fig orchestra in the world will be located within thirty five miles of Houston when plans of the Texas Orchards Company of Houston are carried out. The company plans to set out 6,000 acres of fig trees beginning this fall on the old Turnbow ranch in Brazoria county.

When the land is all planted the tract will be divided into five and ten acre plats and sold, according to Edwin O. Glenn, president of the company. Glenn also said that a fig preserving and canning factory would be built.

Some 1,500,000 fig cuttings were set out on the Turnbow ranch last year. About 750,000 young trees from this setting will be ready for transplanting this year, it is believed. The 750,000 trees will set out 4,687 acres. Glenn estimated. The trees will be set 15½ feet apart each way, or 100 trees to an acre.

FIVE ARRESTED AFTER FIRE IN JUAREZ TUESDAY

Chief of Police J. A. Thompson states that he is continuing the investigation in regard to the fire, said to have been of incendiary origin, in "Juarez" early Tuesday morning. He is not satisfied with the disclosures that have already been made and will continue the porbe until parties who may have been guilty of arson are turned over to the state for prosecution.

Policeman Kennedy, Tuesday made five arrests in the case. He went at the matter in a persistent and well planned way, making the arrests one at a time. Of these, two were women and three were men.

They were charged with being drunk disturbing the peace and fighting, Chief Thompson states. Two of the men and the women have been released on $200 bonds each, instead of a much less sum because of the serious nature of the case.

The third man, Carl Stone, has been turned over to the state for investigation into arson charges. The charge has assumed a very serious nature since the fire resulted in the accidentally fatal shooting of an esteemed wife of a Mexia merchant, Mrs. E. Eberstein, who was shot by her husband when the latter attempted to fire an alarm. It is understood that he has been carried to Goresbeck a lodged in jail pending further developments.

Strike Starts In Hoboken And Then Spreads

NEW YORK, July 25.—With eight ships of as many lines tied up by a longshoremens strike that spread from Hoboken to Manhattan piers Tuesday, officials of the marine transport workers union threatened to have all New York harbor shipping helpless before nightfall.

The union is affiliated with the I. W. W. Ten thousand circulars printed in several languages, have been scattered along the waterfronts urging all longshoremen to join in the demand for increased pay.

The walk out did not have the sanction of the Longshoreman's Association, but I. W. W. leaders declared they would push it to every port of the United States to enforce their demands.

The strike started in Hoboken and spread rapidly on the Jersey shore nad today the strike instigators were concentrating on the New York side of the harbor.

Street meetings were scheduled with speakers firing the men to action in several languages.

All save two local unions were striking in Hoboken and it was declared at the marine union headquarters that those men would quit work today. Nine hundred workers not affiliated with the I. W. W. were on strike in Hoboken. Approximately 1,500 men are there.

Demands of $1 per hour straight time, time and a half for over time, double rates for meal hours and $.25 per hour for handling fish and wet hides, were among the items listed in the circulars distributed among the workers in New York in an attempt to urge them to tie up all shipping until the demands are met.

Some of the strikers left work while preparing a ship schedule to sail and while another vessel of the same line was steaming into port. White collared office help was ordered out to the arduous toil and the ships jazz band played while the office men went to work with a will. The longshoremen thought it was as good entertainment as a vaudeville show and remained to see the fun.

The office force also docked a boat in record time and the longshoremen admitted that they did it without a hitch.

CALM ACTION DEMANDED

Admiral Sigsbee's death recalls his terse message to Washington after the sinking of the Maine. "Suspend judgment," he wired.

It would be a great thing for us if we would "suspend judgment" more often than we do. We might not reach so many rash conclusions. We might not in the heat of passion speak harshly of our brother man or unbecomingly to little children. We might not glibly talk about our neighbors or tongue lash the absent ones to their bank. Wholesale slander of some good woman's fair name or defamation of spotless character would be an unusual event in a community's conversation.

Second thought, calm decisions and self control are recommended as virtues pre-eminent. Then action is sure to be constructive and profitable in most cases as it is according to well thought out scheme or plan.

We are about to do things in this government on the spur of the moment. We hear about what the radicals are going to do when they reach the halls of national legislation. Al Smith would blot out the Eighteenth amendment as the first act in returning to the intolerable conditions of pre-war times. Others would make the Supreme Court no more powerful than a county court.

Those who think that this country is such a bad one without booze should go to other nations where they have their "morning after the night before," compare conditions and then if they are so base and so dence as to fail to comprehend the more far reaching and better influences at home, they should be invited to remain on foreign soil or on the high seas like the man without a country.

They are incapable of appreciation, ingrates impure and simple.

If they have any spirit of truth in them, they will realize that this is a mighty good government, although it might be improved under Democratic control. They will realize that under the Constitution, as it is written, we have become the most bles't nation under the sun.

Farm Labor Bank For Dallas Is Now in Prospect

DALLAS, Texas, July 25.—Presidents of local labor organizations and executives of the Texas division of the Farm Labor Union of America will meet here August 9 to discuss the establishment of a Farm Labor bank in Dallas.

Sentiment in Texas among labor and members of the Farm Labor Union favors founding of such a bank operated by labor and farmers along the line of the Brotherhood of Locomotive Engineers' institution at Cleveland.

To Use Huge Caves To Divert Waters

San Antonio, Texas, July 25.—Discovery of four huge underground caves in a cement quarry here may lead to a solution of the flood prevention plan that will save the city millions of dollars, it is believed.

The caves which are five miles north of the city are near Olmos Creek. Instead of damming the creek, the water can be diverted into the caves for use by the cement company, it is pointed out.

THIS TELLS HOW TO BUILD HOME

The average man believes that he ought to save, but few believe it strong enough to get down to business and do it systematically. Here is a story told of a young man who systematically saved with his local building and loan association and what he accomplished:

"This young man, like many men of today, had to work; he had on one to look to for help; so after securing a position as grocery clerk in a very small grocery store, not more than 15 squares from the center of his home town, things began to happen. This young man decided, if he ever expected to be worth anything, he must begin to save. He figured he could put away $1.50 a week, so he started an acocunt in the building and loan association. Each week he appeared with his $1.50, and at the end of six years he withdrew $600.00, with which he purchased the grocery stock. This did not satisfy the young man, however, he decided to do bigger things, and he began to visit the company each week with a deposit of $7.50, so that in time he might be able to buy the building. In another six years he accumulated $3,000.00 and the building was purchased in which he started. Still he was not satisfied and he began to set aside $12.50 per week of his income and at his death several years ago the secretary of the building and loan association notified his family that the father had accumulated $15,315.92 in the association of which the family had no knowledge."

Why did this young man become independent? Because he had a system. The above story shows what systematic and regular saving can accomplish. For at least 10 years it was said this young man appeared in the building and loan office so regular on Friday at 3 o'clock p. m. that it became a custom of the office force to look at the clock when he stepped into the office.

Saving like this gets a man somewhere. It does not make him penurious; on the contrary it makes a man out of him. The man who saves his money soon owns his home— he is the man that the building and loan association is glad to loan money to for they know that as he has saved money in the past to get his first payment so he will keep up his monthly payments.

Villa, who at one time commanded 25,000 men and captured Mexico City, led the infamous raid on Columbus, New Mexico, in which 17 Americans were assassinated, followed by General Pershing's expedition into Mexico.

NEITHER KISS NOR WEDDING AT END OF NEW FILM

A happy motion picture story ending that doesn't include a marriage or an embrace!

That is one of the unique distinctions claimed for "The Rustle of Silk," Herbert Brenon's Paramount picture featuring Betty Compson and Conway Tearle, which will be the feature of the bill at the National theatre today

The story, adapted from Cosmo Hamilton's novel by Soda Cowan and Quida Bergere, centers about a humble English girl who falls in love with a great British stateaman who is already married. The girl, serving the statesman's wife, adores the husband from afar.

By accident the man learns of the girl's love. Unhappy with his wife and disheartened by the course of political events, he offers to get a divorce and marry the girl.

But a crisis in the affairs of state requires all of his attention. If he resigns, chaos theratens to engulf the government. The girl, because she loves him, sacrifices her love and sends him back to fight his cause against overwhelming odds. Her compensation is found in the fact that the man who loves her faces his duty because he loved her. He wins his fight, but for the time being, at least, he fails to win the girl who spurred him on to victory.

Unlike so many screen plays of the day, "The Rustle of Silk" does not introduce an episode five or ten years later showing the principals happily married. It ends as real life stories so often end—in happiness achieved through sacrifice, but with promise of happiness to both in the future.

SHILOH COMMUNITY SOCIAL

On Thursday, July 19, the good people of Shiloh community met at their newly built teacherage for a "get-together social," Rev. Jones and wife were the host and hostess. They were charmingly assisted by their mother and sisters of Temple, Texas.

The teacherage is the most up-to-date in the county. It has seven rooms electric lights, running water and is beautifully finished. The teachers, trustees, and patrons are justly proud of theri teachers home.

After the guests, who numbered about two hundred, were shown through the house they were intertained by the following interesting speakers: Rev. Jones, who will be principal of the Shiloh school next term, Mr. and Mrs. Kay, former teachers, Miss Ellie Hughes, who will teach again this year, Mr. Roy Stokes trustee, Mr. Cook, pioneer citizen of the community, Judge Kimbell of Groesbeck, Mrs. Jones and Mrs. Cora Ferguson, Co-Supt. Games and music were enjoyed by the younger people until a late hour.

Shiloh deserves credit for its progressive spirit and this spirit will no doubt be expressed further in improvements. And with such co-operation and such progressive teachers a wonderful year is assured Shiloh School.

See and read about the beautiful electric percolator and electric iron now on display in our window. TIWELL'S.

SAILOR WHO HAS SEEN THE WORLD

West News

Bert Berthelson, a young man, recently of the U. S. Navy, on his way to Kansas City, riding a motorcycle, fell from the wheel in West Tuesday and sustained a fractured shoulder. He was given medical attention and his trip delayed several days.

Mr. Berthelson's parents were owners of the famous Berthelson lease in the Mexia field on which the Humphreys Oil company have forty eight wells. Col. Humphreys recently purchased this property in fee and has improved the old homestead and proposes to continue the improvements. It is on the Berthelson that the Humphreys deep test well was made.

The parents of the young sailor are now located at Palacious. The sailor boy, while the parents were drawing big oil royalties was traveling all over the world in the service of his country. He has been to almost every country on the globe and said this week in talking of life in the old world that he would choose Turkey for a place of residence next to the United States.

My Perennial Beauty

And My Debt to France

By Edna Wallace Hopper

All who see me on the stage and elsewhere know that I look 19. My youthful bloom is the envy of countless debutantes. Yet for 32 years I have been a musical comedy star, and am now of a grandmother's age.

I owe this to France. Her experts perfected the beauty helps I use And I served with France during all the great war to help repay the debt.

Now I go further. I am offering these formulas to all mankind. I am sharing with all the helps I found, and what they brought to me.

White Super-Clay

My chief help is a facial clay. Not the crude and muddy clays so many use today, but a white refined clay clean and dainty, wondrously effective. It is the final results of 20 years of scientific study.

French beauty experts, many years ago, taught me what clays can do. Then few women used them, and those women became the marvels of ... beautiful complexions. ... has gone far since then. ... rare clay, mineral ... maximum results: ... how to refine it—to ... ud. It has added ... give to clay a multi-

... clay gives one any ... of what this new type ... having this super-clay ... ble experts, so all who ... get it anywhere. And I call it ... White Youth Clay.

Clay is essential to beauty at its best. Also to continued youth. Even women who use crude, clays stand out in any crowd. No girl or woman in these days can afford to omit clay.

Clay draws out what clogs the skin—the causes of sallowness, black heads and blemishes. It brings the blood to the skin to nourish and renew it. The result is a rosy complexion. It firms the skin, and combats the cause of wrinkles.

Not all these results come at once, but most of them are prompt. Many women, in 30 minutes, seem to drop ten years. And my own smooth, soft, rosy skin shows what constant use will do.

If you have used other clays, my White Youth Clay will be a revelation. The new freshness it brings will amaze you. Its daintiness will delight you. You will see why its use has kept me ever beautiful and young.

Edna Wallace Hopper's White Youth Clay is now supplied by all druggists, all toilet counters. Price, 50c and $1 per tube. Also my Youth Cream, which should follow the clay. Also my Facial Youth—my liquid cleanser. Also my Hair Youth, which brought my luxuriant hair. My Beauty Book comes with each.

I urge every girl and woman to try this Youth Clay in justice to herself.

Betty Compson in the Paramount Picture "The Rustle of Silk."

BUSINESS MEN SEE BETTY COMPSON AT WORK

Bettry Compson, popular Paramount star, recently had the unique experience of playing for both an audience and the camera at one and the same time.

In the filming of "The Rustle of Silk," in which Miss Compson and Conway Tearle are featured, and which will be the feature at the National theatre today, there was an important sequence of scenes which it was necessary to photograph at night.

Just about the time Director Herbert Brenon reached this point in the story the Associated General Contractors of America met in convention in Los Angeles. Through the efforts of the architects of the city arrangements were made for all of the delegates and their families to go through Paramount's West Coast studio.

But this party numbered nearly five hundred, and they could only be taken through the huge plant after working hours. However, in order that they might get a comprehensive view of how pictures are made, Betty Compson and Director Brenon volunteered to work on the evening of their visit.

Consequently the star spent an entire evening acting before an audience which would have filled a small theatre, while the cameras recorded her work for a much larger audience. And at the end of each "act" or scene the audience on the set acted just as an enthusiastic crowd of theatre-goers act—they applauded vigorously.

And between scenes the star and director were photographed with J. W. Cooper, the new president of the organization; Edward J. Harding, membership manager; Arthur S. Bent, the retiring president, and General R. C. Marshall, general manager.

OUR GUSHERS

Glennwood Meeks, Pitcher.

Here is a neighboring town fellow. Cicero, as he is called, is from Thornton. He has not been showing up so well this season as his arm is showing the effects of spring training with San Tone. He bats and throws right handed and to be a pitcher he bats excellently. He is only 21 years of age. He played semi-pro ball in '21 and was with the Gushers in'22. He tried out with San Tone but was sent to the Gushers fould to pastime. He is still single and I wonder how he manages to keep that way.

President Doak Roberts has announced that any player assaulting an umpire on week days will be suspended for 30 days while the same offense committed on Sunday will carry a season suspension.

Section 6. Ludwig Twirls Good Game For Local Lads

The weather remained the same by a big majority at Noylin park yesterday, but not so with the hitting of Long Tom Pyle, Sherman outfielder, who has been smacking the horsehide for at least two bingles every game for the last nine games. Nig Ludwig stopped him and he stopped so quick that he did a few stunts while trying to get an even break.

The work for Ludwig, both players and fans, with all the vim that they had was rewarded by the win. By virture of the win three clubs are placed in a tie for the second position, Marlin, Sherman and Mexia.

The veteran umpire, Jack O'Hearne and his gum, was officiating in this circuit for the first time this year and he put before the fans one of the best umpired games ever seen in the local lot this season. O'Hearne was greeted with much applause by the members of the Mexia bench and the fans as well.

When he walked out on the diamond his first words were "Hello Hub." His work behind the plate was up to the minute and the fans were easily satisfied with the result of each decision by his loud stentorian voice as it rang forth with the verdict that flashed from the vets mind.

The Sox line-up was changed somewhat with the leading pitcher, Muns, playing the initial bag in lieu of McKay, who is out with an injured ankle. Swede Lind was the Sox twirler for the day with Erwin on the receiving end. Lind was not right and the locals scored ons in the first on Clopps triple. Erwin was not catching to suit him, I guess, so McIver sent Schieffer in to get the under hand artist to working right, Schieffer never did get him to going right but he had things to slashing up a bit. Lind allowed the Gushers a total of thirteen hits which included many extra base licks.

Ludwig twirled to the mound for Hub and his opponents and won himself a ball game with the aid of his teammates thrown in for good measure. Lud had things going his way practically all the way through although at times the storm seemed at the danger point, but the boys came out with things resting easy. Ludwig fanned batters and allowed only eight hits which were rather scattering.

Geppert, sensational short stop of the Gushers and, the best in the loop if you want to believe me, was working good around the space yesterday and he nabbed two or three that were impossible for anyone else to touch and incidentally he collected his error on a hard hit ball which he nabbed away out in left field and then threw wild to first. But Gep can sure grab that agate wherever it comes and can throw with accuracy to the initial bag from almost any position that he catches the ball in. He has an iron arm and throws the ball true, hardly without fault.

Tied For Second Place

Lewis led off by grounding out Geppert to Northern. Meanor went out by the same route. McIver looked three of Luds fast one over.

Clopp started the Gushers going when he slapped one to center field and it bounced over Craig and he pulled up at third base. Leedy popped to Flagg. Hub sacrificed Lind to Muns, Clopp scoring. Butler beat out a bunt down first base line. Bechtol fanned.

In the second Tom Pyle fanned. Flagg went out Northen to Ludwig who covered first. Preacher Muns fanned.

Untz started the second off by singling to left. Geppert went out Lind to Meanor who covered first. Whitney lined to Flagg who doubled Untz at second.

Craig fanned to begin with. Erwin doubled to right. Lind out Ludwig to Northen. Lewis out Untz to Northen.

Ludwig singled to center to show 'em how to do it. Clopp sacrificed Lind to Muns. Leedy beat a hit down first base line. Ludwig to third. Northen hit into a double play, Meanor to Flagg to Muns.

The Sox kinda got to life for a while in the fourth. Meanor out Geppert to Northen. McIver safe and went to second on Geppert's wild throw to Northen. Geppert made a wonderful stop of his hit. Pyle walked. Flagg popped to Leedy. Muns flew out to Bechtol.

The Gushers scored one more in their half of the fourth. Butler walked, and stole second. Bechtol went out Flagg to Muns. Butler to third. Untz got hit. Butler scored after he got in chase and Untz was caught off second. Meanor to Erwin. Geppert beat out a hit to Meanor and went to second on a wild throw. Whitney out Meanor to Muns.

They threatened again in the fifth after Craig had popped to Untz, Erwin singled to left. Lind out to Bechtol. Lewis singled to left, Meanor walked filling the bases, but McIver flew out to Bechtol.

Three runs were scored in the Gusher half of the fifth. Ludwig fouled to Erwin. Clopp singled to center. Leedy walked, Clopp stole third. Northen singled to center. Clopp scoring. Butler beat out a bunt to Muns, Clopp scoring and Northen scored on Muns error. Butler to second. Bechtol got hit. Untz singled to left and Butler was thrown out at the plate by Pyle. Untz went to second and Bechtol to third. Geppert flew out to Flagg.

In the sixth Pyle went out Leedy to Northen. Flagg got an infield hit to Untz. Muns out Leedy to Northen. Craig flew out to Leedy.

Schieffer started the meahmans work for Sherman. Whitney flew out to Craig. Ludwig out Meanor to Muns. Clopp out Meanor to Muns.

Schieffer started off with a single in the seventh and Lind followed with an infield hit to Untz. Lewis out Geppert to Northen. Meanor flew out to Butler who doubled Lind at second to Geppert.

Leedy started off with a single to left, and went to second on Muns error. Northen singled to center Leedy scoring. Hub to second on throwing. Butler tripled to right Northen scoring. Bechtol flew out to Pyle who threw Butler out at the plate. Untz out Lewis to Muns.

Crow started playing first base for Mexia. McIver was safe on Crow's error. Pyle forced McIver, Geppert to Leedy. Flagg singled to right. Muns fanned. Craig doubled to left. Pyle and Flagg scoring. Schieffer fanned.

In the Gusher half Geppert fanned. Whitney got an infield hit to Flagg. Ludwig flew out to McIver who made a good catch. Whitney went to second on Linds balk. Clopp flew out to Muns.

The Sox went out in order in the ninth and a ball game was won. Lind out Geppert to Crow. Lewis out Untz to Crow. Meanor out Leedy to Crow.

The same teams play again today and tomorrow. Then the Gushers leave for a few days road trip.

Mexia Dry Goods Stock Bought By Star Store Owner And Now Is Being Transferred There

The Mexia Dry Goods Company has been purchased by J. Lipstate, a well known dry goods man of East Texas, who makes his home in Tyler, where he has a large mercantile establishment. Mr. Lipstate also owns the Star Store in Mexia and the stock of the Mexia Dry Goods Company is being moved to the Star Store stand and combined with the stock which the latter business institution already has. This deal gives the Star Store a line of goods that gives it a strong position is the mercantile life of this section of the state. S. T. Davenport is manager of the Star Store and will continue his relations, it is learned. He is much gratified following the transaction which was recently consumated with John Hassen, proprietor of the Mexia Dry Goods Company. The work of stock removal is already under way and Mr. Davenport will endeavor to keep the goods moving to the people for whom they were originally bought, thus assuring fresh lines of all material handled at all seasons of the year.

Mr. Hassen also has a business in Ranger. He speaks of his Mexia experience with much gratification as the two years here have been a very pronounced success. Since he also conducted a similar business where he maintained his home, he felt it wise to dispose of his Mexia interests in order to devote more time at home. He has made many friends here. His firm, too, has been popular, handling great stocks of merchandise and winning friends constantly.

Mr. Lipstate's faith in Mexia is shown by the deal made and efforts will constantly be made to expand and grow with Mexia through the Star Store.

It's a Nice Idea but —

ALL men aren't equal and neither are all valve cups. Far from it.

Two of either may look alike at the start. It's only after they've been going awhile that the difference hits you between the eyes.

You see then that genuine Darcova Valve Cups are putting oil in the pipe line after the other cups have worn out. While you are pulling out and recupping the other valves at a big expense of time, labor and lost oil, the Darcova Cups are working along as well as ever and earning good money for you.

You want trustworthy men and those trustworthy Darcova Valve Cups. It pays to be particular.

Look for the label, and insist on getting genuine Darcova from your dealer.
